

## Attestation E1-562

Herewith it is confirmed that in the first half of 2018 a regular supervision of the product

### **birch plywood for building purposes**

plywood, birch, phenolic-formaldehyde (PF), laminated  
in the thickness range:  $\leq 40$  mm

manufactured by

**Sykyvkar Plywood Mill Ltd.**  
**Uchtinskoe ave. 66**  
**167026 Sykyvkar**  
**Russia**

was carried out by the approved supervision body (NDS08)

### **Fraunhofer Institute for Wood Research**

Wilhelm-Klauditz-Institut WKI  
Bienroder Weg 54E, 38108 Braunschweig, Germany

according to supervision contract no. 562 dated 1 October 2015. It was found that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation is part of the evaluation report and is valid for the following 8 months. The continuous external supervision of factory production control shall take place twice a year.
